Dear Sir/Madam:

Response to Non-Compliant Amendment

This response is in reply to the Notice of Non-Compliant Amendment mailed on July 28, 2011. No fees are required with this submission.

The claims begin at page 2.

Applicant amended claim 6 so "fluoropolymers" was replaced with "flame retardants" which corresponds to the original claim 6 language. It appears there was a typographical error in claim 6. No other amendments or corrections are being made in this response and according to the USPTO's rules, only the claims need to be re-submitted for this response.

As it is believed that the rejections set forth in the Office Action have been fully addressed by the amendment and the previously submitted explanations, favorable reconsideration and allowance are earnestly solicited.

Respectfully submitted

/Kevin D. McCarthy/
